Title: Internship Program STUDENT FEEDBACK REPORT

The IV B.Tech (2022 Batch) students of Artificial Intelligence & Data Science, numbering 114, have successfully completed their internships during the academic year 2025–2026.

The internships were conducted in collaboration with SkillDzire and other industry partners, covering advanced domains such as:

- Artificial Intelligence
- Data Science
- Machine Learning
- Web Development & Cloud Integration
- Cyber Security & Ethical Hacking
- Quantum Computing
- Full Stack Development

These internships provided students with practical exposure, real-time project experience, and industry-relevant technical skills.

Feedback Analysis

The feedback collected from students was categorized into:

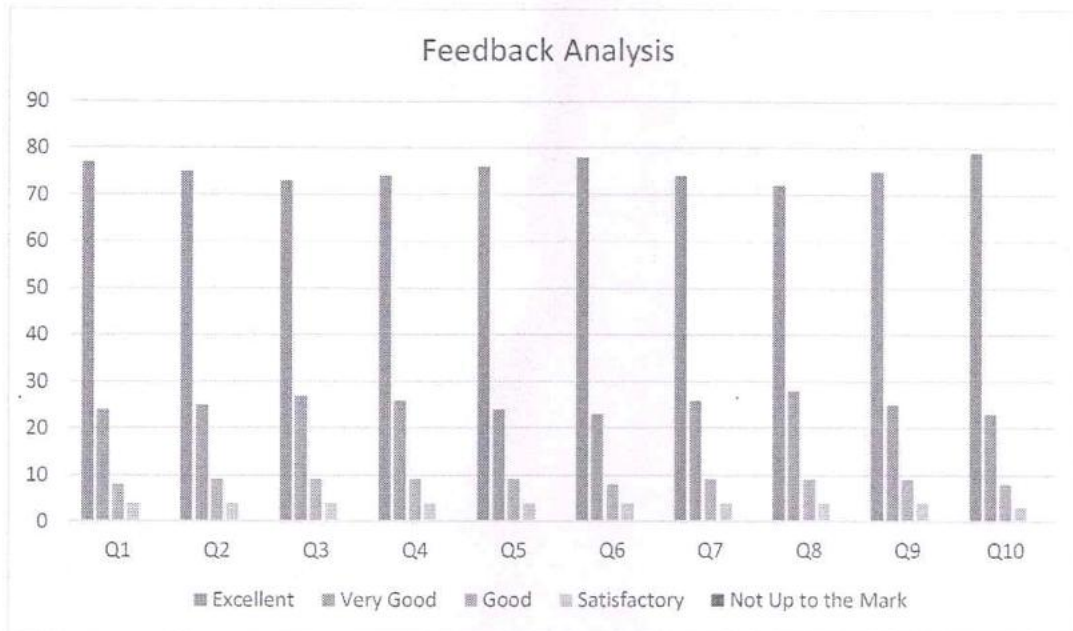

Excellent, Very Good, Good, Satisfactory, Not Up to the Mark

Summary:

- The majority of students rated the internship as Excellent and Very Good, showing high satisfaction.
- Students gained strong exposure to AI, Data Science, and emerging technologies.
- The program enhanced technical skills, analytical thinking, and real-world problem-solving abilities.
- Students reported improvement in programming, model building, and teamwork skills.
- A few students suggested longer duration and more real-time industry projects.

Title: Internship Program

ACTION TAKEN REPORT

Summary of Feedback

- The internship effectively bridged the gap between academic knowledge and industry expectations.
- Students appreciated the structured training and mentor support.
- The program increased career awareness and confidence in technical domains.
- Suggestions include more advanced tools, datasets, and case studies.

Action Taken

- Continued collaboration with SkillDzire and industry partners.
- Introduction of advanced AI/ML tools and real-time datasets.
- Extension of internship duration for deep learning experience.
- Inclusion of project presentations, evaluations, and certifications.
- Focus on industry-relevant skills and emerging technologies.

Concluding Remarks

- The Department of Artificial Intelligence & Data Science is highly satisfied with the outcomes of the internship program.
- The internship has significantly contributed to enhancing students' technical expertise, industry readiness, and professional development.
- Continuous improvements will be implemented to align with future industry trends and innovations.
